Personal website: <https://cybearshield.uk>

## PROFILE

Results-driven professional with expertise in design, web development, business management, team coordination, software testing and e-commerce operations.

## EXPERIENCE

### **Turn Trust, London (UK)** - *Designer*

March 2023 - November 2024

I worked as a Designer developing visual solutions, including: Menu, advertisements, chalkboard lettering, graphic design for charity events, and photography.

### **Estúdio Fosco, Remote** - *Freelance Graphic Designer*

July 2021 - February 2023

I worked diagramming projects and developing social media content for some of the clients.

### **BRA Design Studio, Remote** - *Art Director*

July 2020 - August 2022

I worked developing: Digital and offline projects for many clients such as Ceratti, Cargill, Lactalis, Verde Campo, Vigor, BRF and others.

### **Bora Lifestyle, São Paulo (BR)** - *Design Leader*

July 2020 - August 2022

I coordinated a Design team, developing and managing projects. Moreover, I was in charge of the e-commerce system (Vtex and Linx) as a Manager and Tester, also implementing solutions to improve it together with the Developers. Additionally, I optimized website performance and search engine visibility. I was also responsible for problem-solving and negotiation with suppliers and marketplaces like Amazon, Netshoes, B2W, Magalu, Dafiti, Mercado Libre, etc., working together with the Marketing team to analyze data for improving campaigns, enhancing organic search rankings, and driving traffic through data-driven decision-making.

### **All Doctors, São Paulo (BR)** - *User Experience Designer*

July 2020 - August 2022

I worked as a Freelancer developing landing pages, icons, social media content, and designing general visual solutions for the company.

## EDUCATION

**Anhembi Morumbi (UAM), São Paulo (BR)** - *Computer Science*

July 2021 - Incomplete
